### Fatal Accident.

Grandfather Falls was the scene of a fatal accident Thursday morning. Wm. Schultz, a workman about sixty-seven years of age, who was employed by the company in putting in some improvements, was the victim. He was working about the plant, near one of the rotary pumps, and evidently lost his balance, while stepping on a plank that was partly submerged in the water. In hanging onto the shaft for protection, which was revolving at the rate of over 250 revolutions per minute, his arm was completely torn from the socket, and he died about one-half hour later from the shock. His hip was somewhat bruised in coming in contact with the machinery. Manager W. J. Sullivan and Dr. Reinhardt left for the scene of the accident immediately. The unfortunate man has been employed at the power house since April. He leaves no relatives in this city, but it is said that he has a young married daughter near Wausau. The officials of the company are endeavoring to get into communication with them. The remains are at Neumann's undertaking establishment.

### Baker-Nimtz.

Miss Sadie E. Baker of Biron and Frank Nimtz of this city were married at 8 o'clock this morning at St. Peter and Paul church, Rev. Wm. Reiding officiating. They were attended by Miss Gertrude Nimtz and Vincent Nash as bridesmaid and groomsmen.

The contracting parties in this marriage are well and favorably known here, they both having been employed in teaching in the Biron school during the past year. The Tribune desires with their many friends in extending congratulations.

### Big Time in Rudolph.

There was a big time at the home of Albert Haydock in the town of Rudolph on Monday evening, the occasion being the marriage of Miss Rosie Haydock to Joseph Krzykoseki of the town of Sigel, which occurred that day. The event was celebrated in the evening and a large number of invited guests were on hand to assist in the affair.

A number went out from this city and they report that there was a royal good time for all.

Mr. and Mrs. Krzykoseki will make their home in the town of Sigel, where the groom operates a farm.

### Carden-Brennan.

Miss Genevieve Carden and Mr. John Brennan were married this morning at nine o'clock at the Catholic church, Rev. Father Quinn performing the ceremony. They were accompanied by Miss Ruth McCamley and Mr. Raymond Starr as bridesmaid and groomsmen.

Both of the contracting parties are among our popular young people and have many friends in the city to wish them success in their journey thru life, and a long and happy wedded life. The Tribune wishes with them in extending congratulations.

### Hurt in the Biron Mill.

Fred Schmitt, of Rudolph, who is employed in the Biron mill, was injured on Monday by getting his arm caught in the winding rolls. While working about the machine he slipped in such a manner that his hand and arm were drawn into the rolls.

Altho no bones were broken he was badly bruised and sustained several cuts on the hand and face which required the services of a surgeon to fix up. He will probably be laid up some little time by his injuries.

### Wedded in June.

Norwalk Star—June, the proverbial month of brides and roses, has added another to its long list of conquests, the happy event falling upon one of the "rare" days, for which she is also noted. How proud June must be, and how all first jealous some of the other months must get sometimes when she gobbles up all the honors in sight.

At two o'clock on Wednesday morning, June 12th, 1912, at the Catholic church in Norwalk, Rev. Fr. Frick spoke the marriage vows for Miss Olive Barbara Goetz of Norwalk and Mr. Wm. G. Corcoran of Grand Rapids. He was assisted by Rev. Frick of the St. Mary's congregation, Norwalk, and Rev. Henry Flock of Sparta, also the St. Patrick's church choir, which assisted in the nuptial hymn.

The bride was beautifully attired in an imported gown of white chiffon over satin, with veil and shower bouquet, and was given away by her father. She was attended by Miss Grace Sheridan of Baraboo, who was groomed in a pretty mauve-colored dress. The groom was attired in the conventional black and was attended by his brother, James Corcoran, of Grand Rapids. Mrs. C. H. Dröter acted as matron of honor.

Following the marriage ceremony the invited guests in the number of about seventy-five required to the commodious home of the bride's uncle and aunt, Mr. and Mrs. O. H. Dröter, where congratulations were in order, followed by a sumptuous wedding repast. The hostess was assisted in serving by the Misses Florence Schell, Nellie Schell, Anna Neumann and Sophie Flock.

The event was a beautiful and impressive one and it linked with marital fetters the best of young manhood and womanhood. The bride, the only daughter of Mr. and Mrs. M. Goetz, has spent her girlhood in Norwalk and is universally loved and esteemed for her companionable ways and accomplishments. The groom is a son of Mr. and Mrs. J. Corcoran of Grand Rapids. While comparatively a stranger in Norwalk, he has made many friends during his visits here and has proven himself worthy of confidence and esteem.

He is strictly confident and astute. His wife, a well-made and hard working lady, has made a home and a lucrative position. That this wedded life will be one of joy and prosperity is the sincere wish of their many friends.

The couple left in the afternoon for LeChesne, spirited away in an auto bearing the eyes of their friends, who stood with rice and old shoes in hand gazing after them in astonishment, expecting to take a train that was about to arrive. After leaving LeChesne the couple will continue their wedding journey to the state of Alabama.

Among those from out of town present on the occasion were the following: Mr. and Mrs. J. Corcoran, James Corcoran and Anna Corcoran, Grand Rapids; Mrs. J. Olenbrott, George Olenbrott, Phil. Olenbrott and wife, Milwaukee; Miss M. Koening, Watertown; Mrs. Purdy Wright, Miss Grace Sheridan, Baraboo; Mrs. John Sullivan, Sparta; Mrs. Geo. Frohmader, Camp Douglas; Miss Mamie Meyers, Bangor; Henry Schell, Wilton.

### Met at Grand Rapids.

Stevens Point Journal.—Fourteen members of the local chapter of the American Revolution made a return visit to the Grand Rapids chapter on Friday, going down on the Green Bay & Western in the morning. They were met at the depot by a committee consisting of Mrs. Mead and Mrs. Arpin, who had provided a number of autos for the visitors' pleasure. They were given a joy ride around the city on both sides of the river for an hour, and then were driven to the beautiful home of Mrs. Earl Pease, where they were met by the following representatives from the following chapters, Grand Rapids, Marshfield, Fond du Lac, and Rock Island, Ill. At 12:30 the forty members of the society were served with a very elaborate luncheon, after which the time was spent in visiting and looking over the beautiful grounds surrounding Mrs. Pease's home. The ladies were highly pleased with the trip through the sister city and the wonderful changes made in the past few years, the busy spots by the wayside, the fine streets, splendid homes and magnificent shade trees. The following ladies represented our city's chapter: Madames Mitchell, Stroop, Wale, Curtis, Morrill, Atwell, Wale, Richards, Moe, Parmeter and Misses Root, Gatz, Mauer and Ferriss. They arrived home on the 3:30 Green Bay train.

### ADVERTISED LETTERS

Ladies. Anderson, Mrs. Joe, card; Ely, Miss Doris, card; Farrell, Mrs. Katie, card; Johnson, Mrs. Mildred; Margeon, Mrs. Lillian, 3 cards; Neugart, Miss Margaret; Gentlemen. Harsh, Herman; Huestam, Henry; Posorek, Fred.

Mrs. Allen of Kaukauna is visiting at the home of her brother, Dan Bailey.

Miss Ruth Kinsey was called to Milwaukee on Tuesday to attend the funeral of a relative.

### BODY IS FOUND IN THE RIVER.

The body of a man, identity unknown, was found in the river at Port Edwards on Friday by some boys who were fishing, and saw it floating near them.

The authorities were notified, and Sheriff Schmitt, Justice Pomeroyville and Undertaker John H. Nagau went to the place and the body was removed from the river and brought to this city where it was prepared for burial.

There was nothing on the body to identify it, the only property of any value being a five cent piece. The body was that of a man about forty years old, and quite heavy set, but it had been in the water so long that the features would have been unrecognizable even to an acquaintance.

The man had on a pair of dark trousers, a flannel shirt of underwear and one shoe of the lumberman type.

The man was buried Friday evening in the Potters field. It is entirely probable that the body had been in the river several months and that he fell in some distance up river and came down during the high water that has prevailed this spring.

### Commercial Club Supper.

The supper by the Commercial Club this evening, which will be served in the basement of the Congregational church will be free, and all of the members who joined the Club at the time it was organized are invited to be present, regardless of whether they decided to continue as members or not.

There are a number of things that will come up for discussion, one of which is whether the organization will be continued or not, the matter of dues, etc.

Another matter to be decided upon will be whether to employ the services of an agent who will devote all of his time to the job, or to employ some person in town who can devote a part of his time to the proposition.

**Some Thoughts for the Taxpayer at the Annual School Meeting**  
In a recent communication to taxpayers, State Superintendent M. G. Blay of Illinois, makes a strong plea for changing from the common point of view that to keep the taxes down to a point where there is nothing else left to boast of should be the chief aim and effort of the good citizen. His communication in part follows: "A public tax is the greatest instrument ever devised by man to promote human welfare. It is a method of doing for my neighbor what I am under obligation to do. It is the most effective expression of the ancient doctrine that each of us is his brother's keeper. It stamps with legal approval those general truths that we are members all of one body and that they without us cannot be perfect. It is the every day application of the Golden Rule. I pay my tax and side walks are built and streets are paved. I have done for others what I would have them do for me and expect them to do for me. I pay my tax and lights swing along the streets, driving back darkness, and fear and crime. I pay my tax and officers of the law guard my property, and protect me in my rights. I pay my tax and school houses rise, bells ring, doors swing open, and a million boys and girls march into the greatest educational institution on earth—the common school.

"Do I hear you say that such talk is 'the stuff that dreams are made of'?" There may be a touch of fancy in it, but in sober earnest, isn't it the wholesome, sound, the patriotic view to take of it? Shouldn't a fellow citizen take that view of it? Can a patriot look at it in any other way?"  
"A tax rightly laid and rightly spent is not a curse, but a blessing—blessing him who gives and him who receives."

**By C. H. Taveau.**  
Washington, June 17.—While the United States government has been paying out thousands of dollars annually for the care and support of the Indians, most of which money goes for salaries of clerks and officials appointed to "care" for the Indians, these wards of the nation are gradually sinking into a condition of disease and poverty that is alarming.  
Of the 250,000 Indians in the country it is estimated that 30,000 are afflicted with tuberculosis. This does not include those in the five civilized tribes, which constitute one-fourth of the Indian population. Some of the tribes suffer terribly from trachoma, a dangerous and infectious eye disease, and the ravages of this malady are constantly extending.  
Martin J. Bentley, a recognized authority on Indian subjects, recently testified before the Senate Committee on Indians that in some of the Western tribes that are so sorely afflicted with the two dread diseases, the main cause is extreme poverty. These Indians, Mr. Bentley said, are neither sufficiently housed nor clothed nor fed; the full blooded, or timber Indians in some localities, had become so reduced that their food consisted largely of rabbits, roots and bark.  
The annual gratuity appropriations of Congress for the support of the Indians are paid out principally in salaries to the upwards of 6,000 employees of the Indian bureau, by far the greater part of the money appropriated for this purpose going into the salary checks of the bureau clerks and officers, and in which the bureau officials do their work.  
It is a curious fact, supported by government figures, that as the number of employees in the Indian bureau have increased, the Indian population has diminished. "The Indians' wealth has been taken away from them, and the members of this once prosperous race have deteriorated mentally, morally and physically. To state a fact briefly: The Indians are gradually being starved to death in many localities, while their own funds and those appropriated for their upkeep by the government, are being used without his consent to pay a vast army of Indian bureau employees whose principal work is to draw their own pay while watching the Indian sink deeper and deeper into his misery.

The city fathers had about decided to use oil on some of our streets, but some of our citizens put up such a strenuous kick on the proposition that they have about abandoned the idea. It would be hard to find a matter on which every resident of the city would be agreed, even tho it were one that would be a benefit to all.

In other cities where oil has been used it has been found to be very beneficial, and there is no reason why it would not be equally satisfactory here.

Some complaint has come regarding the giving of half the road in case of an automobile coming up behind a team. The parties claim that they come up behind a fellow team with a team he stubbornly refuses to give any of the road, no matter if there is plenty of room to turn out. Now the law recognizes the rights of both the man with team and the man with auto, and these rights should be respected. There are plenty of men who are running autos who should be driving teams and vice versa, but all men should not be treated that way. The law says that when a man is overtaken by a faster vehicle, the man driving the slower vehicle shall turn out and give half of the beaten path.

The following letter was received last week by Mayor Cohen from the Merchants and Manufacturers Association of Milwaukee:

Milwaukee, June 12, 1912.

Hon. Jos. A. Cohen,  
Mayor of Grand Rapids,  
Grand Rapids, Wis.

Dear Mr. Mayor:—On behalf of the Merchants and Manufacturers Association, and more especially on behalf of those of our members who participated in our Twelfth Annual Trade Promotion Tour last week, permit me to express our sincere and heartfelt thanks to you, and the residents of Grand Rapids, for the cordial welcome extended to us.

While there is no intention on our part of receiving any immediate or direct benefits from these trade promotion tours, we believe the indirect benefits reaped for Milwaukee and its business men will be of incalculable value, and we also believe that by fostering the sentiment of friendship much benefit will accrue to your city and the other points visited. It was with this idea that our annual trips were inaugurated, and we are glad to say experience has proven the correctness of the theory.

Again thanking you and expressing our hearty appreciation of your efforts in our behalf, we are,

Yours very truly,  
Wm. Geo. Bruce,  
Secretary.

## "Our Personal Guarantee to all Skin Sufferers"

JOHN E. DALY, Druggist.

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

So when we tell you that we have found the cream remedy and that we stand back of it with the manufacturer's iron clad guarantee backed by ourselves, you can depend upon it that we are not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help our business if we help our patrons.

We keep in stock and sell all the well known skin remedies, but we will say this: If you are suffering from any kind of skin trouble—eczema, psoriasis, rash or fever, we want you to try a full sized bottle of Dr. E. D. Prescription, and, if it does not do 1-1-1 work, this bottle will cost you nothing. You alone to judge.

Again and again we have seen how a few drops of this simple wash applied to the skin, takes away the itch instantly. And the cures all seem to be permanent.

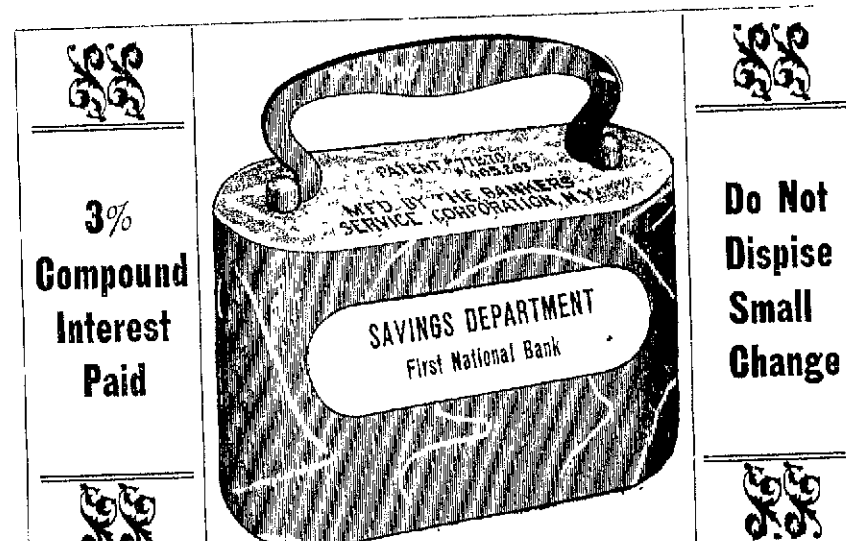

D. D. Prescription made by the Dr. E. D. Laboratories of Chicago, is composed of thymol, alkydine, oil of wintergreen and other healing, cooling, and soothing ingredients. And if you are just crazy with itch, you will feel soothed and cooled, the itch absolutely washed away the moment you applied this D. D. D.

We have made fast friends of more than one family by recommending this remedy to a skin sufferer here and there, and we want you to try it now on our positive no-pay guarantee.

JOHN E. DALY, Druggist.

—FOR SALE—One top buggy and one open buggy. Inquire J. L. Reinhardt, Johnson & Hill Co. office.

George Froehste expects to get into his new saloon about the first of July, having been delayed somewhat by some of the finishing work.

Alderman Roland Payne of the south side departed on Tuesday morning for Janesville to attend the annual state convention of Eagles as a delegate from the local lodge.

John Garlhee last week purchased the Daly residence from Mrs. Elizabeth Daly located on Fourth street, near Vine street. Mr. Garlhee will occupy the place with his family as soon as it is vacated by the present tenants.

Frank Youngman of Wausau, who played third base for the local ball team last summer, arrived in the city on Tuesday from Madison where he has been attending the University and will play third base for the local team this season.

The Seventh Day Adventists will hold their annual camp meeting at Wausau this year from June 20 to 30th. There are 100 Adventist churches in the state, and it is expected that all of these will be represented there.

The Capital City Carnival Company arrived in the city Monday morning and by that evening had got things pretty well settled so as to be able to show. There have been pretty good crowds out to see the attractions and the indications are that they will do a fair business.

Roy Sims, who has been employed as a motorman on the Grand Rapids Street Ry. ever since it began operation, has resigned his position and will leave in a few days for Iowa. Ed. Kruger will succeed Mr. Sims as motorman, and Mike Kubistak has taken Mr. Kruger's place as conductor.

Dr. Norton performed a surgical operation on a horse one day last week by inserting a silver tube into the animal's windpipe through which the animal's windpipe was inflated without any apparent inconvenience. The horse was suffering from paralysis of the muscles of the throat, which made it impossible for it to breathe when taking violent exercise.

John E. Daly returned on Thursday from Port Arthur, Ontario, where he had been for the past month looking after some real estate business. He was accompanied home by Mrs. Daly, who had spent a couple of weeks up in that country. Mr. Daly is quite enthusiastic over the possibilities up in the Canadian country and enjoyed his stay there very much.

Rev. F. A. Nimitta of Marinette was in the city several days the past week a guest at the home of his daughter, Mrs. John Linderman. He occupied the pulpit in the Methodist church on Sunday in the absence of the pastor, Mr. Pease. Mr. Nimitta was at one time pastor of the local church and has many friends here who were glad to meet him again.

The city fathers had about decided to use oil on some of our streets, but some of our citizens put up such a strenuous kick on the proposition that they have about abandoned the idea. It would be hard to find a matter on which every resident of the city would be agreed, even the oil would be a benefit to all, one that would be a benefit to all. In other cities where oil has been used it has been found to be very beneficial, and there is no reason why it would not be equally satisfactory here.

Some complaint has come regarding the giving of half the road in case of an automobile coming up behind a team. The parties claim that they come up behind a fellow with a team who he stubbornly refuses to give any of the road, no matter if there is plenty of room to turn out. Now the law recognizes the rights of both the man with team and the man with auto, and these rights should be respected. There are plenty of men who are running autos who should be driving teams and vice versa, but all men should not be treated that way. The law says that when a man is overtaken by a faster vehicle, the man driving the slower vehicle shall turn out and give half of the beaten path.

The following letter was received last week by Mayor Cohen from the Merchants and Manufacturers Association of Milwaukee:

Milwaukee, June 12, 1912.

Hon. Jos. A. Cohen,  
Mayor of Grand Rapids,  
Grand Rapids, Wis.

Dear Mr. Mayor:—On behalf of the Merchants and Manufacturers Association, and more especially on behalf of those of our members who participated in our Twelfth Annual Trade Promotion Tour last week, permit me to express our sincere and heartfelt thanks to you, and the residents of Grand Rapids, for the cordial welcome extended to us.

While there is no immediate or direct benefit from these trade promotion tours, we believe the indirect benefit reaped for Milwaukee and its business men will be of incalculable value, and we also believe that by fostering the sentiment of friendship much benefit will accrue to your city and the other points visited. It was with this idea that our annual trips were promulgated, and we are glad to say experience has proven the correctness of the theory.

Again thanking you and expressing our hearty appreciation of your efforts in our behalf, we are,

Yours very truly,  
Wm. Geo. Bruce,  
Secretary.

## Wants Another Bridge.

The Consolidated Water Power & Paper company at Grand Rapids, which also owns the paper and pulp mill at Biron, has had surveys made for some time taking levels and making surveys for the purpose of obtaining information necessary for the purchase of lands and flowage on both banks of the Wisconsin river for a considerable distance above Biron. It is the purpose of the company to raise their dam several feet. In this connection the people of Grand Rapids are agitating the subject of building a bridge across the Wisconsin at Biron. Such a bridge, it is claimed, "would build up Biron and bring considerable trade to Biron and Grand Rapids that now finds its way to Stevens Point."—Stevens Point Journal.

## "Our Personal Guarantee to all Skin Sufferers"

**JOHN E. DALY, Druggist.**

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

So when we tell you that we have found the cream remedy and that we stand back of it with the manufacturer's iron clad guarantee, backed by our own experience, we mean it. We give our advice not in order to sell a few bottles of medicine, but to skin sufferers, but because we know how it will help our business if we help our patients.

We keep in stock and sell all the well known skin remedies. But we will say this: If you are suffering from any kind of skin trouble, eczema, psoriasis, itching, or worse, you will find relief and comfort, the itch absolutely washed away the moment you applied this D. B. D. Prescription.

We have made that friends of more than one family by recommending this remedy to a skin sufferer here and there and we would you to try it now and, if it does not do the work, this bottle will cost you nothing. You alone to judge.

Again and again we have seen how a few drops of this simple wash applied to the skin, takes away the itch, soothes the skin, and cures all sorts of skin troubles.

D. B. D. Prescription made by the D. B. D. Laboratories of Chicago, is composed of thymol, salicylic acid, wintergreen and other healing, soothing, cooling ingredients. And if you go to a medicine store, you will find just what you need. You will find it just what you need. You will find it just what you need.

## Will Play for Charity.

Stevens Point Journal.—For some time it has been known that funds for the local hospital building were running low, and various means of raising money for the completion of the building have been discussed, but not until Saturday was the step taken to arrange for a benefit baseball game. On that day T. H. Hanna, G. W. Andrae, Dr. G. M. Honohan, Dr. W. H. Wilson and D. H. Frost, went to Grand Rapids to consult with the management of the Grand Rapids baseball team, to see if arrangements could not be made with them to meet the local team here, the proceeds to go to the hospital. The Grand Rapids bunch, who are always ready to do for Stevens Point, having a kindly feeling for their sister city up the river, agreed quickly to the plan and said they would come for their expenses. This was greatly appreciated by the gentlemen who went over, and was all and no doubt more than they expected from our neighbors. The only condition of the plan being that they would not play here until after the Fourth of July. According to arrangements it is anticipated that the game will be played on Wednesday, July 10.

This game is going to be a big affair and it is hoped that storekeepers will declare a half holiday so as to allow their clerks, etc., to donate their share of the movement have decided that they will have the ladies sell 2,000 tickets.

The Grand Rapids people certainly showed their kindly feeling and generosity by so quickly and rapidly taking up with the idea, and it is greatly appreciated by the residents of this city.

The home team has donated its services and assurances have been given that the Union band will also assist in making it a gala day.

## Your Spine Governs Your Health.

Chiropractic Corrects Spinal Defects and Frees Healthy Nerve Force.

If some one told you that your stomach trouble was caused from your spine, you would probably laugh at him. But nine chances out of ten such is the case.

At the point indicated by the hand in the accompanying illustration the spinal bones or vertebrae are somewhat displaced and cause a pressure on the large nerve leading to the region of the stomach. That means a diseased stomach. It also means, under most conditions, a lot of drugs, more misery and perhaps despair.

Chiropractic corrects all Spinal Defects and restores health thru natural means. If you are sick, no matter what the disease, consult the Chiropractor. He can help you. Better come today.

# Would you hitch four horses to a single buggy?

Of course not—and it's just as wasteful to use a four-cylinder automobile when the single-cylinder Brush Runabout will do your work.

And it will *do* your work. A Brush Runabout will cover three times the area possible with your horse and buggy—in the same time—and do it at less expense.

## The Brush Runabout \$450

A guaranteed, efficient automobile

A four-cylinder car consumes two or three times the gasoline and oil used by a single-cylinder Brush—and the cost of maintaining and operating the four-cylinder car is six to eight times as much.

The Brush costs only one cent a mile to operate. The winner of an Economy Contest drove his Brush 100 miles at a total cost of 39 cents—another man 43.4 miles on one gallon of gasoline. As one of many instances of its wonderful durability, a Brush owner states after 10 months' usage that he has driven his car 10,000 miles, with no expense for repairs of any kind.

The advantages of the single-cylinder economy, efficiency and simplicity have long been recognized in Europe, where they make single-cylinder cars costing five to eight times as much as the Brush.

The Brush is a real automobile, as highly developed on a smaller plan as expensive large cars. Each car is equipped with shock-absorbing devices under the Traill-Huntford patents, top, storm front, gas lamp, generator, tools, etc.

Come in and see this car. Let us show you how it will save you time and money and increase your business.
